

AVPL AXO- AXO ARM

Description

The AXO Arm is ideal for courtyards, pathways, municipal, and commercial decorative light pole applications. Mountable on steel or aluminum poles, existing or new.

Materials

Center tube fabricated from 3" I.D. T6063 extruded aluminum pipe.

Outer tubes fabricated from 2.5" I.D. T6063 extruded aluminum pipe.

Arms fabricated from 2"x4" T6063 extruded aluminum.

Stainless steel hardware.

TGIC thermoset polyester powder coat finish is electrostatically applied at a 3.0 mil nominal thickness. A five stage metal pre-treatment process and sealer provide maximum corrosion resistance. The powder top coat is baked in excess of 400 degrees for supreme endurance.
