

AVPL FF-SSTA - Square Steel Tenon or Flush Mounted Arm Series

Description

The Square Steel Tenon Arm is ideal for tennis courts, automotive dealerships, and commercial decorative light pole applications. Mountable on steel or aluminum poles, existing or new.

Materials

Crossarms fabricated from 4" x 4" A500 Grade B structural Hot-Rolled Steel with 2 3/8" O.D. tenons for fixture mounting. Flush Mounted optional. 3/8 x 16 x 1" Hex Bolt mounting hardware.

Stainless Steel hardware

TGIC thermoset polyester powder coat finish is electrostatically applied at a 3.0 mil nominal thickness. A five stage metal pre-treatment process and sealer provide maximum corrosion resistance. The powder top coat is baked in excess of 400 degrees for supreme endurance.
