

AVPL ATR - Atria Series LED Luminaire

ATR-1

ATR-2

Description

The ATR Atria series by AV Poles & Lighting minimizes surface area with its low profile, modern design. Its rugged, cast aluminum body incorporates sealed driver compartments. The spun aluminum hood is vented to facilitate the fixture's slim profile. Ideal for parking lots, campuses, auto dealerships, and design build applications.

Materials

IP68 rated modules

Up to 6100 lumens output per module

Low maintenance cost with lifetime >54,000 hrs

Multiple lighting distribution options with optical lens transmittance up to 98%

Multiple modules can easily be connected in series

TGIC thermoset polyester powder coat finish is electrostatically applied at a 3.0 mil nominal thickness. A five stage metal pre-treatment process and sealer provide maximum corrosion resistance. The powder top coat is baked in excess of 400 degrees for supreme endurance.
